

CHAMPIONS CRICKET LEAGUE

OFFICIAL RULES, REGULATIONS & FRANCHISE ENTRY FEES

1. FRANCHISE ENTRY FEE & TOKEN MONEY

We had required an advance token money of **250k PKR**. However, to support maximum teams, we accommodated requests and accepted lower token amounts (even **100k PKR** from some teams) to officially announce the team list.

Please note that **5th June is the Last Date** for full entry fee submission. Every team must complete their total entry fee of **500k PKR** by this date. Due to huge financial expenses of organizing such a massive league, any team that fails to clear the full amount by 5th June will be automatically **Skipped/Removed** from the tournament. We have already extended full support, so **strictly no compromise** will be made on this deadline.

Important Notice: All token money paid is strictly **Non-Refundable**.

2. STRICT WALK-OVER POLICY

Walk-overs are **strictly not allowed** at any stage of the tournament. A walk-over severely damages the reputation and smooth execution of our league, and causes massive unfair disadvantages to the opposing team regarding their Net Run Rate (NRR).

If any team still chooses to give a walk-over, the following severe penalties will be instantly applied:

- A heavy cash fine of **100k PKR** will be imposed on the team.
- The team will face a total deduction of **4 Points** from the table (their 2 existing points will be deducted, along with a 2-point penalty for the walk-over match).

There will be **absolutely no compromise** on this rule.

3. RAIN & WEATHER INTERRUPTION RULES

In case of rain or bad weather conditions, matches will be handled as per the following regulations:

- If heavy rain happens **before the match starts**, the match will be completely rescheduled.
- If rain disrupts the game **during the match**, the **DL (Duckworth-Lewis) Method** will be applied to calculate the result.
- **DL Method Condition:** The DL method will only be applicable if the 1st innings is fully completed and at least **6 overs** have been bowled in the 2nd innings.

4. MATCH TIMINGS & PUNCTUALITY FINE

All match timings will be shared directly with the team captains well in advance. Strict punctuality is mandatory as per the rules:

- The late team will not be given any extra waiting time.
- If a team is late but has at least **7 players** available on the field, they will have to start the match immediately with those 7 players. No waiting for the remaining players.
- Any team causing a delay will be penalized with a strict cash fine of **50k PKR**.

5. MATCH SCHEDULE & NIGHT MATCHES

All tournament matches will start **after 5:00 PM**. The league features Day/Night and full Night matches under lights. All franchises and players must be fully prepared and equipped for professional high-intensity night match environments.
